Box Number

Except where otherwise noted, most document folders in this collection are housed in numbered standard 'Type 1' archive boxes.

Folder Number

A running sequence of numbers for easy folder identification from the printed list. These numbers are recorded on the top left-hand side of the folders.

Folder Title

Folder Titles are generally recorded on the top right-hand side of the folders. Existing filing system folder titles have been retained and recorded here as written. Unlabelled folders or unsorted piles of material have been given a title during the sorting process. These file titles are enclosed in [square brackets].

Size

Indicates thickness of folder or other container. Measured by eye to the nearest half centimetre and recorded as a rough guide to amount of material in folder. 0.0cm indicates size was not measured.

Date Range

Expressed in years to describe the earliest and latest year on contents of a given folder. These should be seen as guides rather than accurate statements. Where year is uncertain or was not recorded, this is shown as '0'.

Content Summary

Only a rough guide to contents of folder. This descriptive area may also contain some clarifying notes on folder titles, location, state etc of the material.

Item Listing

Lists some more detailed contents of a folder; may include individual documents and/or groups of items. Listing is somewhat selective and should be seen as a non-exhaustive. Numbers indicate order of items in folder as found.

Item Year

Indicates year or year range of individual entries in item listing; left blank when not recorded or year is uncertain.
